Springer. Paperback. Book Condition: New. Paperback. 435 pages. Dimensions: 10.0in. x 7.0in. x 1.1in.Encompassing all the major topics students will encounter in courses on the subject, the authors teach both the underlying mathematical foundations and how these ideas are implemented in practice. They illustrate all the concepts with both worked examples and plenty of exercises, and, in addition, provide software so that students can try out numerical methods and so hone their skills in interpreting the results. As a result, this will make an ideal textbook for all those coming to the subject for the first time. Authors note: A problem recently found with the software is due to a bug in Formula One, the third party commercial software package that was used for the development of the interface. It occurs when the date, currency, etc. format is set to a non-United States version. Please try setting your computer datecurrency option to the United States option . The new version of Formula One, when ready, will be posted on Www. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
