Excerpt from Elementary Physical Science: For Grammar Schools The widespread demand that Elementary Physical Science should be introduced into the grammar schools has been met by the New York City Board of Education, and a very complete syllabus was prepared in 1904 prescribing work for the seventh and eighth grammar grades. The purpose of this Text-book of Elementary Physical Science is to carry out the intention of the Board of Education that a text-book should be given to the pupils, and lessons assigned to follow the experiments prescribed in the syllabus - a book to aid the teacher to correlate the experimental work with the experiences in the daily lives of the pupils and with the other subjects of the grade. Information is not to be denied to pupils in that field where information is most desired and most needed. Typical experiments, approved by the Board of Superintendents, are printed at the head of the appropriate sections of this book. The intention is that the teachers shall first perform the experiments prescribed for a given topic, with...
