Excerpt from Mental Pathology in Its Relation to Normal Psychology: Lectures Delivered in the University of Leipzig The original title of this book, fully translated, runs as follows: Lectures on Mental Pathology in its significance for Normal Psychology, together with the Psychological Fundamentals of the Theory of Knowledge. Several years ago I heard Dr. Stoning deliver these lectures at Leipzig; and when I came to teach psychology, and found myself hampered by the lack of any English work on mental pathology to which I might refer my students without embogging them in a morass of clinical details, it occurred to me that they might find such a translation as this useful.
