Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.In putting out this little book, the author is well aware of the fact that many musicians feel that conductors, like poets and teachers, are born and not made ; but his experience in training supervisors of music has led him to feel that, although only the elementary phases of conducting can be taught, such instruction is nevertheless quite worth while, and is often surprisingly effective in its results. He has also come to believe that even the musical genius may profit by the experience of others and may thus be enabled to do effective work as a conductor more quickly than if he relied wholly upon his native ability.
